Please Read

The website folder includes the following pages:

Index.html: The main sales page.
download.html: This is the download page.

Instructions:

- It's recommended to rename the download page. If you do it, please preserve its extension (.html).

- When setting up your order button (PayPal, JVZoo etc), make sure to enter the path to your download page.

- Upload the whole content of the "Website" folder to your website.

You can upload it to your root domain (example: something.com), or to a sub-folder (example: something.com/vidintrostamper).

- Please also upload the following files to your website:

    1) VidIntroStamper2.5Setup.msi
    2) usermanual.pdf

If you need help with something, please contact us.
